Dutch Colonial Society

Purpose and Objectives

To honor those hardy and enterprising early ancestors from the Netherlands who concentrated their efforts, labor, and skills in building the enduring greatness of the United States of America.

To educate, preserve and increase the knowledge of the history of Dutch settlement of our country, the United States of America, by the preservation of documents and the recording of family histories, lineages, and traditions.

To be involved in charitable and educational efforts and to support patriotic, genealogical, literary, historical, and social activities that furthers the purposes and objectives of this Society within our country.

The insignia of the Dutch Colonial Society is based upon the original historic design for the Society as founded in 1962 by Mrs. Harry Clark Boden, IV on the occasion of the celebration of the Tercentenary of the first Dutch settlements in the Delaware Valley by the Historical Society of Lewes (formerly Zwaanendael), Delaware. Mrs. Boden designed the original insignia depicting in gold two white enameled swans for Zwaanendael, meaning the Valley of the Swans, holding in their beaks a gold shield of Holland. Between them appears Henry Hudson's ship "The Half Moon," in gold, shown against a half moon background. The date of the founding of Zwaanendael in 1631 is shown below the name of the settlement.
